

## Rain Halts Worst Woods Fire in History of Connellsville Region

Estimated That 3,000 Acres Burn in Single Stretch Northeast of City.

### MEN DO VALIANT WORK

The rain of Friday night extinguished woods fires in the region about Connellsville which had become the most extensive known here. Right up to the time the rain fell conditions were getting rapidly worse because of the strong wind which fanned the flames to greater sweep across great areas to the east and northeast of the city. Before the precipitation, which was not very heavy but apparently ample, the whole eastern sky was illuminated by the glare from a half dozen fires. A few minutes after the rain began the ruddy glow had completely disappeared.

An area that is estimated at 3,000 acres or more between Polk and low, above Breakneck, and Sandy Flat, to the north of the Springfield pike, was burned over, and had not the rain come the area would have been greatly extended, for with the wind, gusting in force, several hundred fire fighters were becoming practically hopeless.

It was reported today that the old Baker house above Breakneck had been destroyed. The new home of Russell Hood along the road leading from the pike above the summer home of W. D. McConnaughy to the old Jackson place was saved with difficulty by back firing. The Freeman Michener home near Sandy Flat was endangered. Hard work by squads of firemen saved the summer home of Eugene T. Norton in a valley back of Glenmore Mill.

It was estimated that 200 to 300 men were engaged in combating the fire. Some of them worked for 30 hours continuously. Among the deputy wardens who were out continuously for upwards of 30 hours were Norman Harshman, Samuel L. Liley and Ernest Liley. Some men on their forces were likewise out for long periods without being relieved and with little to eat.

No serious injuries are reported. Oscar Bailey of Star Junction, brother-in-law of Joseph D. Hood, a guest at the Hood home along the pike below North Bend, has a badly inflamed eye as the result of being struck by a twig while rushing through the underbrush. Ernest Liley was stamped about the face and hands when he fell into fire while running.

Three boys were saved from death in smoke and fire when a girl about 9 o'clock that night carried the fire over the pike near the Butterworth place. The boys, whose names were not learned, threw themselves flat on the pike but could not escape the dense smoke. Russell Hood, George Harfoot and Oscar Bailey rescued one. Norman Harshman and Joseph D. Hood managed to get the others out of the fire zone.

Russell Hood, Bailey and Harfoot were compelled at one time to crawl into a storm water sewer to get away from the smoke and save being overcooled.

Soon after this rain began to fall and in a short time the fire ceased to burn. Cheers broke forth as the first drops began to fall and it was realized that the long battle was nearing an end. Within a few minutes the flames had been damped to the extent that the fire no longer licked them up as it had been doing for two days.

Three hundred eight acres of the Jackson tract to the north of the pike were burned over. The men had been working hard to prevent the fire crossing the pike but the 9 o'clock gale carried it across and it was soon burning fiercely. Within 15 minutes, however, the rain had halted it there.

About 50 acres of the McConnaughy timber land was burned. The fire reached the corn field but men removed the shocks from the edge and the fire did not reach them. Steel rods, along the farm support the wire enclosure.

It was estimated that 500 automobiles visited the pike section.

### \$4,300,000 IN RUM SEIZED IN COASTAL RAIDS

By United Press. WASHINGTON, Nov. 8.—The Atlantic seaboard rum fleet is dismantled and reduced to a smaller number than at any time in the past 18 months, the Treasury Department announced today.

A careful 30-day campaign directed from Washington brought surprise after surprise to the rum runners and resulted in the seizure of seven large British and one Norwegian ships, with cargoes valued at \$4,300,000. It was the greatest haul of foreign vessels since prohibition. All were captured within the 12-mile limit, from 20 to 20 miles off shore, under regulations of the liquor treaty between this government and the country from which the ships were registered.

### Suitcases Save Man When Sidewalk Drops Into Abandoned Well

Special to The Courier. MOUNT PLEASANT, Nov. 8.—As a traveling salesman, rather heavy, was walking up Main street, Thursday, carrying two suitcases, the brick sidewalk covering of an abandoned well collapsed and the man dropped into the well. The suitcases lodged on either side of the opening and the man hung on to them, going just above his waist. Patrolman Henry Jones hurried to his assistance and dragged him out, water dripping from his trousers legs. Yesterday morning the borough truck crew filled in the well, which is located in front of the Muir home.

### Marked Improvement Indicated in Church Attendance in City

A minister, whose flock has been showing increase in church attendance under the go-to-church campaign, said this afternoon.

"The response to the call of the church for more consistent loyalty on the part of accredited members has been generous, showing that down deep in the hearts of church people there is a warm spot for the faith of the fathers and for that ancient and tried institution which has been the fruitful mother of our civilization, without whom no social, political or economic condition of mankind can be secure. Church members at times get into a rut, not willingly but rather unconsciously over which they often have little control, but this does not mean that they have knifed the church. This is the farthest thing in their thoughts. They know that nothing in this world is able to take the place of the church in their hopes, their ideals and their destiny. They would prefer to see even the public school or the nation itself perish, rather than the church, for they know that our public school system, our education, our government itself, is the blessed fruitage of the joys of the church."

"When the ringing call comes, therefore, beckoning the faithful members back to the pew, the response is instantaneous. Not all come back at once, for the reason that not all are able to come, but they come with their interest. Their hearts are with the old mother of our faith. They love to rally to her who comforts them in sickness, instills hope when dying and forecasts a happy immortality. For this reason the churches of Connellsville are filling under this campaign. Tomorrow is another day to show where we stand."

### McKesson Wears New Hat Because Ned Lyne Did No His Wisely

Chester McKesson, city clerk, in wearing a nice new brown hat of exceptional good quality. Every time he doffs it, which is frequently, he thinks of Ned Lyne, city assessor, red hot Democrat, and a moving spirit of that party in the Third Ward.

"Ned" bet that Davis would win the election and he paid his bet today. The quality of the hat proves he is an exceptionally good sport, because he got a fine one.

Rumor has it that William McConnaughy, street inspector, got a nice new pair of \$15 shoes for Fred Opperman, the result of another election bet. Bill had such faith in that "good old Democratic Third" that he bet Opperman there would be more Democratic than Republican votes cast. He lost by a margin close to 100.

### Kendall Leads in Somerset Election

SOMERSET, Nov. 8.—Complete returns of the vote cast at the election in Somerset county Tuesday show the following: Coolidge, 12,354; Davis, 2,202; LaFollette, 1,294; Kendall for Congress, 12,445; Boyd, 2,160.

### All Ready for Celebration of Coolidge Victory

The plans for the election celebration to be held here Monday night, marking the end of the campaign and the election of our President, Calvin Coolidge, in which the community as a whole, regardless of political affiliations, is invited to participate, are now complete.

A committee reported this morning that all that remained to do was have the parade. Every effort to show all participants a good time will be made. Fraternal and other organizations will march in bodies and there will be bands galore. When the parade disbands North Pittsburgh street will be turned into a dancing pavilion and a 40-piece orchestra, headed by John Kiferle, has donated its services for the evening.

W. O. Arian, parade marshal, has arranged with his aides to take care of all marchers. They are asked to report at Lincoln avenue and South Pittsburgh street. The procession will move at 8 o'clock. Just before it starts horns will be exploded as a signal that the march is on.

Mrs. T. R. Francis, Mrs. A. E. Vanatta and Mrs. W. H. Showman, the committee in charge of the women's division, report there will be a big turnout. The Ukulele Girls will be a feature of that section. The general committee has made arrangements with the West Penn Power Company to leave all window lights in the downtown stores burn until midnight.

There will be some big contingents of marchers in the parade. Nelson Girls will be prominent among these and a number of fire companies will turn out. There will be delegations of celebrants from Uniontown, Evans, and Scottsdale. The Uniontown and Scottsdale crowds will be accompanied by bands and there will be four local musical organizations in line.

The music committee is composed of W. D. Hinson, R. L. Hannan, John Kiferle, Harry Rush, and William Oswald.

Costuming will be allowed but no individuals may cover their faces with masks.

### Vanderbilt Road Is Thrown Open, With Curve Gone

Once again this morning at 9 o'clock, traffic began to move over the Vanderbilt-Connellsville road. The road was thrown open to travel after being closed for three months. Traveling has been improved as several steep grades have been cut down and curves, including the famed "S" curve, have been eliminated.

The county road supervisor removed all debris signs last evening and requested the removal of the barricades by the Georges Construction Company that received the contract for the work. The latter failed to do this, it was said, and were again notified early this morning. At 9, the barricades were removed.

The construction company contract expired today. It was made known that although the road is open to traffic, motorists travel at their own risk. The company has a crew of workers putting on the finishing touches.

The concrete work was completed on October 15. The straw covering the concrete was thrown on at 12 o'clock noon of the fifteenth. Late yesterday afternoon, the last of the straw was removed.

There has been no talk of a road opening celebration.

### East Huntingdon Downs Bond Issue

### Mayor Issues Armistice Day Proclamation

Mayor Charles C. Mitchell this afternoon issued the following Armistice Day proclamation:

"Whereas, each succeeding year brings to us a keener sense of the blessings of that peace which is celebrated by Armistice Day, in recognition of the noble and patriotic contribution made to that peace by the flower of America's young manhood.

Now, therefore, I, Charles C. Mitchell, Mayor of the City of Connellsville, Pennsylvania, do hereby respectfully request all of the people of our city to put aside their routine tasks and vocations, and join in a common observance of Armistice Day, November 11, 1924.

CHARLES C. MITCHELL.

### BIG AUTOMOBILE CARAVAN TAKES CROWD TO GAME

Connellsville, as a community, and as a booster of its biggest institution—the public school—today did its best thing in its history. It transported several hundred students of those schools to Morgantown to cheer on to victory the Orange and Black gridders, who went to the river town just before noon prepared to win their first game of the season.

About 140 cars were in the procession, which got away about 1 o'clock. It was 2:15 when the last car passed out of the business section of the city. R. S. Matthews led the procession.

Despite the fact that Connellsville has not won a single game this year, and has only tied one, the city has given it far greater support than in any other season, all of which speaks much for the never say die spirit of the real fans of the community and who have the deepest interest in their city.

The "caravan" today, made possible by the kindness of the hearts of approximately 125 automobile owners, was such as was never before seen here. It was a parade of cars about two miles long, every one of which was filled with people wearing the colors of Connellsville High School.

The credit for this great achievement goes to a committee of Rotary boys and girls, the prime movers on which were J. B. Angle, J. W. McClaren and W. O. Adrian. Others responsible for that trip was practically all the spirit and interest that has become manifest in the team as a whole. During the past week Mr. McClaren has devoted much of his time to secure automobiles and is well pleased with the response, although it was not quite so strong as he anticipated.

#### UNION ARMISTICE SERVICE SUNDAY NIGHT AT DUMBAR

A union meeting of the Protestant churches of Dunbar will be held Sunday night at 7:30 o'clock at the Methodist Episcopal Church, under the auspices of the American Legion. The Legion Auxiliary and the Boy Scouts will also be present. The churches participating in the service are Baptist, Methodist, Protestant, Presbyterian and Methodist Episcopal. The service is in commemoration of the signing of the armistice, and the people of the community are cordially invited to attend.

A program of unusual interest is being planned. A mixed quartet composed of Miss Helen McGee, soprano; Mrs. George Martin, alto; Harry Williams, tenor; and William Duncan, bass, will sing "Soft as the Voice." A male quartet will sing two selections, including "Day Is Dying in the West" and "I Want My Life to Tell." The choir and pastors of the churches uniting in the service will lead the congregation in the singing of the national anthem, "The Star Spangled Banner." Rev. J. W. Hays, Baptist, will lead in prayer and Rev. O. W. Bolton, Methodist, Protestant, will read the Scripture lesson. The address of the evening, "The Supreme Loyalty," will be delivered by Rev. Theodore Miner of the Methodist Episcopal Church. The benediction will be pronounced by Rev. L. R. Wylie, pastor of the Presbyterian Church.

#### Bridge Petition Signers Nearing The 4,000 Mark

A meeting of the committee in charge of the movement for a bridge over the Youghiogheny River at Allegheny avenue, South Connellsville, bringing that borough and Dunbar closer together and establishing a much shorter main route through the county, held last night at the garage of the Wertheimer Motor Company, a number of encouraging reports were heard.

It is estimated that the number of signatures now placed on the petition is between 3,500 and 4,000. Mount Bradnock has reported that its petitioners are practically filled. Another 1,500 names and then the committee will be ready to go into court.

The South Connellsville, Connellsville and Dunbar petitions are well filled but it is believed there are many more names in those districts which can be secured.

"Things look rosy for us," said a prominent member of the committee this morning. Enthusiasm among these ardent workers still runs high.

#### Dunbar Service Men Asked to File Claims for Bonus

#### Chicken Dinner This Evening at Home on West Side Birthday Event

#### LONG-TIME FRICK WORKER

Enjoying better health than he has in 15 years, William Roland, one of the oldest residents of Fayette county, and a retired employee of the H. C. Frick Coke Company, celebrated the 100th anniversary of his birth today at his home in South Eighth street, Greenwood.

Mr. Roland arose shortly after 7:30 o'clock and was very much interested in his dress and appearance for the day. He partook of his usual breakfast, which consisted of either soft boiled eggs or rolled oats, and later on in the morning received communion.

A family chicken dinner will be served this evening at the Roland home, with children, grandchildren and great-grandchildren in attendance. A large birthday cake, baked by Mr. Roland's daughter, Mrs. Patrick O'Toole, will grace the center of the table. It will be adorned with one hundred pink candles.

Mr. Roland has been ill but very little in his life and attributes his longevity to hard work and living an upright life. Until his retirement he had always been an industrious worker, never being idle when there was work he could do with his hands.

Although afflicted with blindness about 13 years ago, he never ceased to take interest in current events. He is an entertaining conversationalist and is able to discuss any topic of the day. He still retains his jovial disposition and enjoys the companionship of his family and visits from his friends, both old and young.

Mr. Roland was a devoted member of the Immaculate Conception Church. He has always been a man of exemplary habits, which has much to do with his remarkable health. He possesses all his mental faculties and in spirit and appearance is much younger than a man who had rounded out the century. He hopes to live to be 101 years old, he said.

Mr. Roland was born November 8, 1824, and reared near Castlebar, Ireland, the birthplace of his grandfather, who also grew up in Ireland. He is a son of William and Margaret Corrigan Roland and is one of a family of eight children. He came to this country at about the age of 22 years, settling near Westport, Md. He was married in Yorkburg, Md., to Miss Bridget Walsh, who was also born in Ireland, coming to the United States in her early womanhood. Following their marriage Mr. and Mrs. Roland located near Westport and later moved to Mount Pleasant, where Mr. Roland was stable boss for the H. C. Frick Coke Company for some years, later being night foreman at the Standard works. About 30 years ago the Rolands moved from Mount Pleasant to Connellsville. Mr. Roland being employed at the Davidson plant of the Frick Company until within six weeks of the required time for pensioning of the employee, when he was compelled to give up his work because of his failing sight. Since that time he has lived retired at his Greenwood home. He was considered one of the most efficient employees of the company and while in its service he formed a wide acquaintance throughout the coke region.

Of 11 children born to Mr. and Mrs. Roland, only four survive. They are M. J. Roland of the West Side Hotel, William Roland of Trotter, Mrs. Patrick O'Toole of Connellsville and Miss Katherine Roland, at home. Mrs. Roland died about 14 years ago. Besides his children, Mr. Roland has 11 grandchildren and seven great-grandchildren. Miss Eleanor Roland came home from Seton Hill College, where she is a student, to attend the celebration of her grandfather's birthday.

Mr. Roland was the recipient of gifts and birthday postcards. A number of his friends also called at the home to extend their congratulations. A picture of the four generations was taken.

Previous to losing his sight Mr. Roland was a great reader and was very fond of smoking. Since he had to give up reading he has had no desire to smoke. This afternoon he was taken for a short automobile ride by his son, M. J. Roland and he was none the wiser from the trip.

Mrs. Harding's Condition Grave. MARION, Ohio, Nov. 8.—Complications which resulted in alarming reports from White Oak Farm, where Mrs. Warren G. Harding is ill, have increased in severity. Dr. Carl Sawyer's statement on Mrs. Harding's condition said today:

"Mrs. Harding has not been so well the past 24 hours," the bulletin said. "She slept poorly last night and is taking only a small amount of nourishment. The complications have increased in severity."

## AN EFFORT TO MAKE DEMOCRATIC PARTY LIBERAL NEXT MOVE

Is Indicated by the Early Talk of McAdoo as Candidate in 1928.

### LAFOLETTE'S STRENGTH

Represented a Heavy Draft Upon Party; Was Largely Made Up of the Element Which Supported McAdoo in His Fight for the Nomination.

By DAVID LAWRENCE  
Copyright, 1924, by The Courier.

WASHINGTON, Nov. 8.—Hope springs eternal in the Democratic breast and nothing appears more significant than the recurrent talk of William O. McAdoo for 1928. Instead of accepting the defeat of Tuesday as a verdict for conservatism, the Democrats are regarding it as the result of their own bad tactics.

This has more than passing importance as a postmortem. It shows what the Democrats are likely to try to do next. For the more they examine the election returns the more they are convinced that LaFollette was the cause of their defeat. Just as Roosevelt in 1912 proved the weakness of the Republican party so LaFollette, without perhaps intending it, assisted materially in placing a conservative in power.

Immediately after 1912 the Republicans, especially those who supported Roosevelt, saw the unwisdom of keeping the party divided and they reunited in 1916. Even Colonel Roosevelt was so anxious to defeat the Democratic administration in 1916 that, despite the appeals of a staunch battalion of Bull Moons, he refused to be a third party candidate again.

Will Robert M. LaFollette and his followers still stick to their plan of forming this winter a third party organization? The railroad brotherhoods and the American Federation of Labor and the other groups which lent their support to LaFollette now see that continuance of their struggle against conservative doctrine will be futile unless they absorb the whole Democratic party or permit themselves to be absorbed by it.

There always is a momentum to the established parties. In both Ohio and New York where there were no outstanding third party candidates for governor, the Democratic candidate—Governor Donahoe and Governor Smith—won out by comfortable margins notwithstanding the tremendous pluralities given to LaFollette. In New York the vote given Norman Thomas, Socialist candidate for governor, would have gone to Al Smith as in previous elections and the only lesson of the New York state contest is that Smith, if he won, would have been able to attribute to some extent his defeat to the loss of the few votes that might otherwise have gone to him.

LaFollette stands at the close of this campaign defeated in its first attempt to back a presidential candidate. Friction inside LaFollette's ranks throughout the campaign, when so many of the leaders insisted on going to Davis, indicated that some of the chieftains recognized that the LaFollette campaign was merely dividing their own ranks.

The talk of McAdoo for 1928 may never mean his nomination. He will be 64 years old then and as a rule candidates for president do not win the nomination at that age, though LaFollette's advanced age was not often talked about in the campaign. The mention of McAdoo does mean that the Democrats are already discussing the necessity of choosing a leader who will win for them the support of the voters who cast their ballots for LaFollette, together with those who may at the end of 1924 yearn for a change from Republican rule.

To the average man the mention of 1928 may mean premature and academic. But unfortunately it isn't. Members of Congress look far ahead politically and vote and act in respect to legislation with an idea of what will prove wise for 1926—the next congressional election—and 1928 the next presidential contest. One-third of the membership of the Senate changes in two years, and the primary campaigns of some of those men will be continued on Page Six.

### FORMER LOCAL CHILDREN DIE FROM PLAGUE

Word has been received here by friends of the death of the little son of Mr. and Mrs. Peter Zoella; also small son of Mr. and Mrs. Samuel Morrass, formerly of South Connellsville, last week at Los Angeles, Cal. It is thought the children were victims of the plague prevalent in Los Angeles as the letter stated that only the fathers, who evidently were with the children during their illness, were able to see the bodies.

Mrs. Zoella and Mrs. Morrass are sisters, being daughters of Mr. and Mrs. Pliginsk, who with the Zoella and Morrass families left South Connellsville about a year ago for Los Angeles to reside.

Continued from Page One.

during the afternoon and evening to view the fire. At night it presented an awe-inspiring sight. Where dark timber caught fire the flames leaped high into the air. Everywhere the ground was thickly strewn with leaves dry as tinder. The whole presented a scene that one does not witness in many years.

Joe Hood, aside from being in the thick of the fight against the fire, acted during the evening as "traffic cop" in handling automobile traffic. Mrs. Hood, his wife, made soup and rolls for the firemen. Mrs. Clark Hooten sent up large quantities of coffee, with James Reese, Mrs. J. D. Jackson provided sandwiches.

Joe Hood estimated the length of the burning zone at three miles, most of which was visible from the pike.

At the home of E. T. Neeson, only about five or six acres close about the buildings were saved from the fire. The fire department, with the fire hose sent up large quantities of coffee, with James Reese, Mrs. J. D. Jackson provided sandwiches.

The fire sweeping up Tate hollow, swept across almost to the pike. Fire Warden Joshua J. Hyman of South Connellsville, who had been out the preceding night fighting the fire above Robinson Park, hustled across to the top of the mountain with a force of men to aid in combatting this one, which swept over hundreds of acres.

The fire is the most extensive that has occurred in the vicinity of Connellsville, so far as old residents can recall. While the damage is not as great as in the spring when the sap is in the trees, the loss will be heavy to young timber.

How the fire started will probably remain unknown. By some hunters are blamed, though it is said that only an act of carelessness on the part of a hunter could start a fire that is next to impossible from the slowness of a gun.

Reports from over the region indicate that the rain controlled the fire everywhere. Today in places trees were seen burning but the leaves were too wet to make possible the fire traveling.

The woods along the Baltimore and Ohio Railroad just west of Laurel Run had been on fire for the past three days. It was said that after a hard fight the flames had been extinguished Thursday evening. General buildings were in danger of being destroyed but by hard fighting were saved from the flames.

**At the Theatres**

**The Paramount**

**RARIN' TO GO** showing today at the Paramount, is the initial production of a new series of eight thunder-bolt thrillers of the golden west. Buffalo Bill, Jr., is seen in the leading role.

Buffalo Bill, Jr., is the "war in 'Rarin' to Go," which tells a happy tale of the west, with a plot that holds countless thrills, situations, and which is marked with a brood of action that is perpetual motion personified. The picture is rich in beautiful backgrounds and stands forth prominently as a fine example of the cinematographer's art. The cast is splendidly balanced, and in a production way the picture is up to the highest standards. In addition to the thrills that are really hair-raising in character, "Rarin' to Go," holds romantic interest in plenty and while the story is intensely melodramatic, it is unfolded in a happy manner that makes everything that happens, convincing in the highest degree.

A chapter of "Take the Net" is also being shown.

**The Soisson**

"BEAU BRUMMEL," the feature picture today at the Soisson, presents John Barrymore, distinguished actor, in the leading role.

There is an unusual supporting cast, consisting of Mary Astor, Willard Louis, Irene Rich, Alec H. Francis, Carmel Myers and others equally well known.

The Beau is one of the most picturesque, vivid figures of English history. How he won the friendship of the Prince of Wales thus becoming the arbiter of fashion, and how women flocked to him, literally throwing themselves at his feet, and the way the Beau fell from the heights of popularity to disgrace are episodes in this superb Warner Brothers classic of the screen which Harry Beaumont directed.

**The Soisson**

"GIRL SHY"—Presenting Harold Lloyd in his latest feature comedy will open on Monday at the Soisson for a four-day attraction.

Lloyd is indeed one comedian whose pictures are ever a delight to see for the reviewer and the audience never know what to expect of him in advance. After a series of clever characterizations and stories in the past he once more proves his great versatility in "Girl Shy" by giving to the screen one of the most entirely novel types of hero it has ever had. The old adage that "there is nothing new in the movies" has been completely blasted at last. Lloyd definitely proves the truth of the timeworn statement.

Conspicuous in his support is pretty Jobyna Ralston, who made such a hit with him in his last success "Why Worry?" Jobyna brings to the screen a distinctive type of beauty, young, dainty and refreshing. Others in the cast are Richard Daniels and Carlton Griffin with the direction credited to Fred Newmeyer and Sam Taylor.

"Girl Shy" is one of the few pictures that can be recommended heartily to those who like to "shop" for their entertainment. For it is certainly a groom-chaser de luxe.

**The Orpheum**

**THE MAN WHO FIGHTS ALONE**

A Paramount picture starring William Farnum provides splendid entertainment today at the Orpheum.

Farnum has the role of a two-listed engineer who wins the love of a beautiful girl who had also been courted by his best friend. Ill health makes it necessary for him to form a partnership with his friend who is an honorable man in every respect. As day after day he sees his wife and his friend talking laughing enjoying each others company suspicion and bitterness creep into his heart until there comes a time when his mind is so warped that he resolves upon a desperate course of action. How his little daughter saves him from the consequences of his own folly and how he is made to see his jealousy to be without foundation form a mighty climax that will send the red blood thrilling and eddying thru your veins.

Monday, Tuesday and Wednesday  
Pola Negri will be seen in Men.

## AN EFFORT TO MAKE DEMOCRATIC PARTY LIBERAL NEXT MOVE

Continued from Page One.

on to a year and a half. If the Democrats decide to attempt a real coalition with the insurgent Republicans for the benefit of the next campaign they will lay their plans now.

While the Coolidge electoral vote came from the west as well as the east and even included some of the border states where conservatism is entrenched, the addition of the LaFollette and Davis popular votes in the states west of the Mississippi River show that the margin for Coolidge would have been closer had these two parties combined than was the case in the east. The Democratic opportunity doesn't seem to lie in the east. Nor would it appear that the labor vote in industrial centers of the east are of sufficient influence to win over the rural districts. LaFollette made little impression on the farmers of the western states.

Turning to the west it is apparent that not only did the Democrats in large numbers go over to the LaFollette standard but that many Republicans went to the third party ticket. The big independent group of voters as a rule decides elections in the west. There is nothing to show that LaFollette got a bigger slice of that group than President Coolidge. All the Democrats can hope for in the results is that had they combined with LaFollette or had there been a combined Democrat who could have appealed to the LaFollette faction the race would have been closer in the west and the south would have gone along an usual.

Under the circumstances the Republicans having gathered virtually all the conservatism, the next move in American politics will be an effort to make the Democratic party a liberal. If not ultra-radical opposition to the Republicans. And if they win, convert in Congress these will come from western Republicans who think such a course conforms to the will of the west.

### Dunbar Township Wins Final Home Game; North Union Is Victim; "After" The Cokers

Red and Black Contingent Will Come Here Thanksgiving to Climax Season.

#### GERMAN TOWNSHIP NEXT

Very little difficulty was experienced by Dunbar Township yesterday afternoon in closing its grid season at home with a victory. North Union fell before the attack of the Red and Black contingent by a 27-0 score. Straight football was used by the Dunbarites in chalking up their third win.

The home team chalked up 11 first downs for a total yardage of 165 to the Red and White's lone first down and yardage of 48 yards. In punting, Rusinko for the Red and Black averaged 40 yards. The visitors' kicker was able to range 35 yards.

Only one forward was attempted. Rusinko intercepted it. The Dunbarites did not score any of their trick plays in the game.

Smith scored two touchdowns for the home team, while Harvey played the best game for the losers. Zoka rang up four first downs, while Dunbar chalked up the only first down for the visitors.

"Bill" Gillepie, bulky guard, got into the game, the first since he was injured in the South Brownsville conflict. It was believed that he had a broken arm, but the injury was not more than a wrenched elbow. Bill put up a dandy game.

First Quarter.

Dunbar kicked off to the visitors on the 30-yard line. North Union fumbled after gaining six yards. Smith circled right end for a touchdown, turning in a 33-yard run. Rusinko's drop kick for the point was blocked. Score, 6-0, Dunbar.

North Union received the kick-off on the 15-yard line. On the first play, the Blakely Brothers threw Oldland for a seven yard loss. An exchange of punts took place. Dunbar was penalized five yards for off-side as the quarter ended.

Second Quarter.

After two futile attempts to gain, the Red and Black punted but was penalized for off-side. The next punt went to North Union's 30-yard line. It was kicked back. Dunbar's punt was recovered by Haas on the five-yard line after Durnell fumbled for the Red and White. Zoka lost two. Rusinko made up the loss and Smith made another run around right end for the second touchdown. Rusinko's drop kick was good. Score 13-0, Dunbar.

Dunbar kicked to North Union's 15-yard line. On the first play, John Blakely picked up a fumble on the 13-yard line and scampered across for a touchdown. Another perfect drop kick by Rusinko netted an extra point. Score, 20-0, Dunbar.

Sweeney received for Dunbar and returned the ball five yards, to the 30 yard line, as the half ended.

Third Quarter.

Dunbar kicked to the 20 yard line. The visitors punted to Dunbar's 45. Zoka made a first down, but the home team was forced to punt as was the Red and White eleven, the ball going to the 30-yard line. North Union recovered a fumble on Dunbar's 18-yard line. Harvey hung up a five yard gain, but Oldland was stopped for no gain. John Blakely recovered a fumble on the 11-yard line for Dunbar. Dunbar punted to North Union's 30-yard line as the quarter ended. Score, 26-0, Dunbar.

Fourth Quarter.

Unable to gain, North Union punted. Sweeney made a first down, after Zoka had clipped five yards from the distance. Rusinko's punt went over the goal and was brought to the 20-yard line. The Red and White tried to punt but the kick was blocked and Haas took the ball to the three-yard line. Sweeney was unable to gain. Rusinko was one foot shy of the goal. Sweeney went the distance on a center back for a touchdown. Rusinko's drop-kick was perfect. Score, 32-0, Dunbar.

Dunbar received on the 35-yard line, but punted. Durnell made North Union's only first down. Rusinko intercepted a forward pass on the 40-yard line as the game ended.

Final Score, 32-0, Dunbar.

This was the last home game of the season for the Dunbarites. One of the largest crowds of the year turned out. The cheering of the local footers was praiseworthy. The student body was estimated at close to 350, while the others was estimated at 450.

In the six games played, 53 points have been made by the opponents while the locals have registered 47. The opponents have the edge in crossing the goal line, nine to seven. Mount Pleasant's win over the Red and Black was the highest score of the season against the locals. The team made three touchdowns and two extra points.

The next game is with German Township next Friday at McClellandtown. The Germanites are in the running for the county championship but the Dunbarites are confident of snatching the first stepping eleven. The last game is with the Cokers at Fayette Field on Thanksgiving.

### MOUNT PLEASANT DEFEATS FROSTY SONS OF THUNDER

MOUNT PLEASANT, Nov. 3.—Mount Pleasant High took over the Somerset High football team yesterday by a score of 13 to 0. "Judge" Lamb played his first game and was remarkable in his work. Post, the captain, made some of his best tackles. With the coming on the field of Somerset and the kickoff by Mount Pleasant, Somerset got into the game with a vengeance and carried the ball down the field, fast, making three downs, and arriving at the 10-yard line. Here Mount Pleasant recovered the ball and "Jackie" McCloy made steady gains down the field until he carried it for a touchdown. Nothing spectacular was shown but by his fighting spirit he put the play across that made the steady gains.

The three touchdowns were made by "Jackie." Fumbles proved very costly to Somerset in the game.

Tickets for the Tornado-Uniontown Independent game at Uniontown Armistice Day, have been placed on sale at four pool rooms here. They are Fred's Place, American, West Side and Paramount Billiard.

Uniontown High School, scoring a touchdown in the final 40 seconds of play against Donora, tied the score at 13-13, and then won by getting the extra point. The result was 14-13.

## FATHER-SON WEEK PROCLAMATION AT SCOTSDALE

Burgess Schaffer Calls for General Observance of Occasion, Nov. 10-18.

### LEGIONNAIRES GIVE BALL

Special to The Courier.  
SCOTSDALE, Nov. 8.—Burgess Schaffer has issued a proclamation as follows:  
"In these days of unrest, suffering and transition, when the old order of things is passing, attention needs to be called to the importance of conserving and strengthening the integrity of the home, especially those ties that bind father and son together. The most valuable asset of any city is its boys, and the dominant character building influence in the life of a boy should be that emanating from the home. Therefore, I, Walter L. Schaffer, burgess of the borough of Scottdale, hereby designate the week beginning November 10 and ending Sunday, November 18, to be known in this borough as Father and Son Week, and earnestly urge the recognition in all ways that shall emphasize the sacred relationship to the end that the father will become more the companion of the son, and the son come more to appreciate the value of the father's association and counsel."
